Monarch of the Andes

Hammer has returned from finding Magellan's Gold when he finds that his scheduled trip to Peru has encountered some difficulties. For some reason, it appears that his authorization to investigate a newly discovered site of Inca artifacts has been delayed by the U. S. State Dept. Hammer and Julie Riley receive permission fro Brett Stacy to leave for Lima ahead of the paper work in order to meet their contacts in time.

Hammer encounters a fantastic plot by a mysterious group claiming to be followers of Manco Capac, the first Inca king, to over throw the government of Peru and install someone called Xandex to rule the country. Hammer's search for ancient artifacts leads to an unexpected discovery. How does he get out of this one?Well, read and find out!
